

In Latin America, the number of Boeing employees reaches **more than 1,300, including our subsidiary, Boeing EnCore Interiors**—an aerospace interiors company in Mexico.

Boeing has **42 direct suppliers and 29 indirect suppliers** in

In partnership with Unicamp University, in Brazil, Boeing has contributed to the creation of SAFMaps, a database that allows understanding the availability of the most promising raw materials to produce sustainable aviation fuels in specific areas of the country. Boeing is the only company funding the project since 2023.
