### Other Types of Support From Boeing

In Saudi Arabia, we have the opportunity to support organizations in the following ways:

- **Event Sponsorships to Charitable Galas, Fundraisers and Benefits:** The Boeing Company may choose to support nonprofit organizations through the purchase of tickets or a table at, or by underwriting, a fundraising event. The company supports organizations that strongly align with our local strategies, are represented on the board of directors by a Boeing executive and/or align with Boeing's business goals. Please contact your local community investor at least six months prior to the event.
- **Business-Related Sponsorships:** Boeing sponsors select major events, organizations and projects that resonate with our business and brand strategies to enhance Boeing brand presence and visibility with our customers, key stakeholders, employees and the communities where we live, work and do business around the world. For information and an application, please visit our [Sponsorships](#) page.
- **Employee Volunteering:** Boeing employees have always been passionate and willing to volunteer their time and efforts as they interact with the community. Some of the notable activities that Boeing employees engage with regularly include: visiting and reading stories to children in hospitals, donating blood to help save the lives of children suffering from cancer, organizing tours to young children in our manufacturing facilities, conducting workshops and lectures in different fields of interest and expertise. If you have an opportunity that aligns to our strategy please contact Zaina Alhejin, community investor, at [zaina.alhejin@boeing.com](mailto:zaina.alhejin@boeing.com).

Before making contact, please determine that your organization meets eligibility; review the [grants eligibility and exclusion guidelines](#). We do not make capital campaign grants.
